Senator Moore, thank you so very for your introduction of this bill-we are sorry that we cannot be there in person to testify in support of this bill. We have scheduled a meeting for the public for their ideas on what to do with our soon to be old hospital. I was not able to reach all of the committee members I got Senator Stewart-Perejoy back and Senator Ripley does not have an email listed. If Powell County can do anything to further the passage of this legislation please let us know. Thanks again

Dear Chairman Steinbeisser and Committee Members,

Powell County Commissioners regret that we cannot testify in person on this important Senate Bill. Other duties prevent us from attending the hearing, please add our support of this legislation.

Powell County is an open range county. It is imperative that wild or domestic buffalo or bison not be allowed to run at will. We appreciate the intent of this bill for the owners to have to fence their animals in and for the consequences if they do stray. We are very sensitive as to what will happen to our cow producers if these measures are not adhere to and enforceable.

We appreciate Senator Moore and his efforts for all of rural Montanans on this Senate Bill
